

Scene at the U. S. Pecan Field Station, Philema, Georgia

Showing the mowing of the winter cover crop of Hairy vetch in one of the plots in the Cultural Experiment block. The growth of the vetch was so rank that an extra man was needed to clear the frequently clogging cutter bar. Mr. Jacob M. Rhodes on the tractor and Felix Armstrong following on foot.

MOWING WINTER COVER CROP OF HAIRY VETCH
(J. M. RHODES - F. ARMSTRONG)
